AGENDA

- I. Call to Order, Welcome, Roll Call, Announcements
- II. Public Comment

For Possible Action

- III. Discussion and possible action regarding amending Plan Certification and Management Advisory Committee Recommendation 11(3), approved by the Board on March 14, 2013, in which the Exchange required all Qualified Health Plans (QHPs) that provide the pediatric dental essential health benefit separate the pricing out from the remainder of the health plan by submitting the dental benefit as a rider for that product. Due to guaranteed issue rules, any dental product certified as a standalone dental product must be available to all individuals. Therefore, dental riders cannot be certified as standalone dental plans. This agenda item allows the Exchange to:
 - a. Decide whether it should allow dental benefits to be embedded in QHPs or if it should prohibit dental benefits from being embedded in QHPs.
 - b. Decide whether the purchase of standalone dental should be required on the Exchange when an individual purchases a QHP that does not include dental benefits.
